

# JUST POPPING IN TO SAY I LOVE YOU!

**Turn your fingerprints into popping popcorn!** Grab a yellow washable marker, finger paints, or stamp pad. Once you've coated your fingertips, stamp them down onto the paper to create the kernels. After the fingerprints dry, grab markers, crayons, or colored pencils to draw, color and bring your masterpiece to life! Finish it off by writing a special personalized message — don't worry if it's corny!
